MINDEN, FRIDAY, SEPT. 11, 1891.

PERSONAL.

Mrs. John Burbee and family recently
of this village have removed to the pro-
vince of Quebec where she originally
belonged. It is said the change takes place
in the interest of her family. Mrs. Burbee
was a good neighbor and leaves many
friends here who wish her prosperity in
her new home.

The Rev. Orr Bennett is visiting friends
in Minden and will officiate in the Pres-
byterian church Twelve Mile Lake and
Minden on Sunday next, where we have
no doubt the reverend gentleman will
have large congregations.

Mr. John Reynolds of Toronto, son of
Mr. James Reynolds of Minden township
whose sudden death was announced in the
last issue of the Echo, died of typhoid
fever after a week's illness, he leaves a
family of seven children whose mother
died suddenly last summer, but fortu-
nately they are well grown up, the
youngest being about 12 years old.

Rev. Mr. Butler of Cloyne, (formerly
of Minden) still takes a very lively inter-
est in the welfare of his friends in this
locality, he reads the Echo where he finds
all the latest local news. In a communi-
cation received from him this week he
sends personal good wishes to his clerical
friends here and sympathy to Mr. John
Harrison and family on the loss of their
little boy.

Falls, on Saturday, the 12th instant for
the transaction of general business.

CHURCH OPENING:—The Zion Church,
Stanhope, is to be dedicated for public
worship on Sunday the 15th September,
1891. A tea and entertainment will also
be held in connection with the dedicatory
services on Monday, the 14th September.

The Sacrament of the Lord's Supper
will be dispensed in the Presbyterian
church at Twelve Mile Lake on Sunday
morning the 14th instant, at 10.30. And

day at 3 o'clock. The Rev. O. Bennett
will officiate.

BEATTY'S TOUR OF THE WORLD:—Ex-
Mayor Daniel F. Beatty, of Beatty's Cel-
ebrated Organs and Piano's, Washing-
ton, New Jersey, has returned home from
an extended tour of the world. Read his
advertisement in this paper and send for

THE WIDTH OF STREAMS:—By a recent
decision of a judge of the superior court
of Ontario the legal width of a stream has
been declared to be the space between the
banks actually cut out of the earth by its
course, the question of high water or
overflow width being a temporary matter
does not govern its bona fide or legal
measurement, thus making the river bed
its width for statutory purposes. This
will be a matter of importance in future
to municipalities as to who shall be
responsible for the erection and main-
tenance of bridges coming under the
jurisdiction of this decision.

DEER SHOOTING:—It may be well to
remind all concerned that deer shooting
does not open until the 15th day of Octo-
ber, and that no dogs used in hunting
deer shall be allowed by their owners to
run at large. Complaints are being made
that the law is being transgressed in
various parts of the back country—Hunt-
ing parties from distant points afraid to
transgress near their own homes have
gone out to hunt for deer in other locali-
ties, and it is proper that these offenders
should know they are being watched, and
if actually caught will be prosecuted, we
have been told of a party visiting the
locality of Sawyer's Lake on a Sunday
and the settlers there are bound to put the
law in force against all offenders, the same
thing applies to other persons and places.

FIRE:—On Sunday morning last the
carding and shingle mills of Mr. John
Goodman in Minden township were com-
pletely destroyed by fire, buildings and
contents being a total loss with only a
nominal insurance of \$100. The loss is a
very serious one to Mr. Goodman, who
has been particularly unfortunate in the
way of fires, having been burnt out two
or three times before, but Mr. Goodman
is getting older and consequently not
possessing the vigor of former years his
present loss will weigh all the more heavily
upon him, we understand however, that
he is now making active preparations to
re-build, and hopes within a few weeks to
again have a carding mill in operation.
The cause of the fire is a mystery as no
fire had been used on the premises for
weeks, the night was dark, calm and
stormy and the supposition is that some
one or more persons had taken shelter
from the storm in the building and by
careless dropping lighted matches
caused the destruction of Mr. Goodman's
property.

in the ears, and defective hearing are the results of catarrh. The disease works in all directions and one of these routes is through the eustachian tubes to the ear. Clark's Catarrh Cure at once begins the work of removing the cause, and when this is done effectively, nature asserts itself. From the first application the work of restoration begins. The head noise disappears, the noises in the ears, the secretions become normal, and the tired, oppressive breath is once more sweet and healthy. Pic Nic:—A very pleasant and successful pic nic took place at Gull Lake on Wednesday last when many of our villagers took advantage of the civic holiday to enjoy the delightful trip down the river by boat while others patronized the land route by carriages.

ACCIDENT:—A three year old son of Mr. Joseph Pym, of Minden Village, fell from a stage wagon to day, striking on his face, and the hind wheel of the vehicle passed over his body, fortunately he does not seem to be seriously injured; his face is cut a little, but no bones are broken. It was a miracle the child was not killed.

SERIOUS LOSS:—Mr. John Lytle of Minden township lost a valuable young mare a few days since. He turned her out in his pasture field in apparently excellent health and when next seen she was seemingly completely paralyzed, her tongue and gums being badly swollen and discolored and shortly afterwards died. The case is rather a mysterious one, and the loss comes heavy upon her owner.

MAGISTRATES COURT:—A rather serious charge was brought against a young man named Burns, of the township of Snowdon for threatening arson, shooting and committing an assault upon a child with intent. The case came before Mr. Wm. Fielding in the court house here on Tuesday last for hearing, taking up the greater part of the afternoon and resulting in the committal of the prisoner for trial.

MINDEN FALL SHOW:—The annual Fall Show of the Minden, &c., Agricultural Society will be held on their grounds on Tuesday, the 29th September; the Prize List appears in our advertising columns. The officers and directors expect this to be one of the most successful shows in the history of the Society, which has been established now over twenty years. An addition has been made this summer to the Agricultural Hall that will give considerably more accommodation than formerly, the increased number of exhibits the past two or three years making this a necessity.

Clark's Lightning

Liniment will relieve the painful torture of rheumatism in the joints or muscles. It should be well rubbed in with the hand, and the part covered with a piece of flannel. The pain will cease with the first application, and its continued use will effect a marvelous cure. This remedy needs but a trial to convince the most skeptical that it is a wonderful preparation. Sold by all druggists; price 50 cents. Clark Chemical Company, Toronto, New York.

The first number of this excellent magazine is now before us and would be found a most useful as well as a beneficial visitor in every household. The Companion is devoted to the improvement and amusement of the family circle, it contains interesting articles on every day life, a literary department includes short, well written stories, fine illustrated notes on fashions, supplies information for the execution of fancy work, gives valuable hints on home decoration and general house arrangements, treats on washing, cleaning and cooking, giving valuable recipes in connection with the latter subject, nor is the orchard, garden or yard ignored, but in each department useful and valuable practical information is imparted. We can confidently recommend it to the attention of our readers. Address the J. E. Bryant Company, 58 Bay street, Toronto.

CONSUMPTION CURED.

An old physician retired from practice, having had placed in his hands by a East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper. W. A. NOYES, 820 Power's Block, Rochester, N.Y.—37-52t

Many Ladies

have written that Clark's Catarrh Cure has relieved them, restoring perfectly every sense. Through gratitude they have consented that their names be published. Yet the Clark Chemical Company will not use this means to advertise their remedy. They will not parade the sufferings of any one or invade the sacred privacy of any home. Any sufferer from catarrh will recommend Clark's Catarrh Cure, and that good word is worth more than the published certificate. Clark Chemical Company, Toronto, New York.

in every household. The Companion is
devoted to the improvement and amuse-
ment of the family circle, it contains
interesting articles on every day life, a
literary department includes short, well
written stories, fine illustrated notes on
fashions, supplies information for the
execution of fancy work, gives valuable
hints on home decoration and general
house arrangements, treats on washing,
cleaning and cooking, giving valuable
recipes in connection with the latter sub-
ject, nor is the orchard, garden or yard
ignored, but in each department useful
and valuable practical information is
imparted. We can confidently recom-
mend it to the attention of our readers.

CONSUMPTION CURED.

An old physician retired from practice,
having had placed in his hands by a East
India missionary the formula of a simple
vegetable remedy for the speedy and per-
manent cure of Consumption, Bronchitis,
Catarrh, Asthma and all throat and Lung
Affections, also a positive and radical
cure for Nervous Debility and all Ner-
vous Complaints, after having tested its
wonderful curative powers in thousands
of cases, has felt it his duty to make it
known to his suffering fellows. Actuated
by this motive and a desire to relieve hu-
man suffering, I will send free of charge,
to all who desire it, this recipe, in Ger-
man, French or English, with full direc-
tions for preparing and using. Sent by
mail by addressing with stamp, naming
this paper, W. A. NOYES, 820 Power's
Block, Rochester, N.Y.—34-52t

Many Ladies

have written that Clark's Catarrh Cure has
relieved them, restoring perfectly every
sense. Through gratitude they have con-
sented that their names be published. Yet the
Clark Chemical Company will not use this
means to advertise their remedy. They will
not parade the sufferings of any one or invade
the sacred privacy of any home. Any suf-
ferer from catarrh will recommend Clark's
Catarrh Cure, and that good word is worth
more than the published certificate. Clark
Chemical Company, Toronto, New York.
